Contending counsel reached an agreement that they will hold a conference with the commission Friday morning for naming a date for the hearing as to the petitions and the motion for the removal to the Federal Court.

The answer to the petitions is much along the same lines as the complaint by the Southern, on which Judge Purnell last evening issued the restraining order against the commission. It sets out in detail the reasons for the change, as materially benefiting the traveling public with resard to their Western North Carolina travel. Further, that "the real purpose of the order, as appears by many of the purpose of receiving the belated mall offered by one corporation (the morning newspaper), and that the commission of mail, passengers and freight for the sole purpose of conferring a favor upon a single user of the United States mails."

They act directly on the blood, and it is only through the blood that any medicine can reach the nerves.

Dr. Williams' Pink Pills are sold by all druggles or will be gent percental and them work, because he felt he had more and the nerves.
